## DETAILED ACTION

## Election/Restrictions

- 1. Applicant's election without traverse of claims 1-9 in the reply filed on 01/04/2006 is acknowledged.
- 2. This application contains claims 10-39 drawn to an invention nonelected without traverse. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

## Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claim 5 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The Applicants use the term "preferably."

Description of the examples or preferences is properly set forth in the specification rather than the claims. If stated in the

claims examples and preferences lead to confusion over the intended scope of a claim. Therefore, each occurrence of "preferably" should be deleted.

- 5. Pending an updated search, claims 1-4 and 6-9 are allowable.
- 6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert D. Harlan whose telephone number is (571) 272-1102. The examiner can normally be reached on Mon-Fri, 10 AM 8 PM.
- 7. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David W. Wu can be reached on (571) 273-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
- 8. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through

Application/Control Number: 10/717,713 Page 4
